

## **FOR IMMEDIATE RELEASE**

### **MTC Logistics Announces Appointment**

BALTIMORE, MD – November 2, 2017 – Today F. Brooks Royster, III, President of MTC Logistics, announced the appointment of Dennis Rhodes to the position of Chief Information Officer.

“Dennis comes from a rich background of both operations and temperature controlled warehouse Information Technology management.” Said Royster. “He will orchestrate MTC Logistics’ move into the next frontier of information systems. We look forward to Dennis building upon our focus of integrating systems to streamline processes and add value to our customers’ supply chains.”

Rhodes brings more than 40 years of experience in the temperature controlled warehouse industry. He most recently served as Chief Information Officer with DPH Services / Patriot Rail Company in Jacksonville, FL, and before that more than 20 years in a similar capacity with Americold Logistics. Throughout his career, Rhodes has integrated sophisticated supply chain technology to help streamline processes and data integration.

#### **About MTC Logistics**

Founded in 1928, MTC Logistics owns and operates three temperature controlled distribution centers in Maryland and Delaware within close proximity to the Ports of Baltimore, Wilmington, and Philadelphia. Through its transportation subsidiary, MLogistics™, MTC Logistics offers refrigerated LTL and FTL transportation to major U.S. retail and foodservice providers as well as port drayage services.
