

FOR IMMEDIATE RELEASE

MTC Logistics Announces Appointment

BALTIMORE, MD – December 14, 2018 – Today Andrew B. Janson, Chief Operating Officer of MTC Logistics, announced the appointment of Christopher (Chris) Austin to the position of General Manager, Port of Mobile Operations.

“Chris has a strong background managing high-volume, port centric temperature-controlled distribution centers and we are excited to have him as General Manager of our new Port of Mobile Distribution Center,” said Janson. “He will be an integral part in developing the final facility design, helping oversee construction, and building staff for the Mobile project. All of us at MTC Logistics look forward to working with Chris as we expand our footprint and explore ways to add value to our customers’ supply chains.”

Austin brings to MTC Logistics many years of experience in the temperature-controlled logistics industry. He most recently served as Senior Vice President for a large international temperature-controlled logistics provider with responsibilities managing eight (8) distribution facilities throughout the Southeastern United States.

About MTC Logistics

Founded in 1928, MTC Logistics owns and operates three temperature-controlled distribution centers in Maryland and Delaware within close proximity to the Ports of Baltimore, Wilmington, and Philadelphia. Through its transportation subsidiary, MLogistics™, MTC Logistics offers refrigerated LTL and FTL transportation to major U.S. retail and foodservice providers as well as port drayage services.
