Baltimore, MD—September 2, 2021 — *Food Logistics*, the only publication exclusively dedicated to covering the movement of product through the global food supply chain, once again has named MTC Logistics to its **2021 Top 3PL & Cold Storage Providers** list.

The **Top 3PL & Cold Storage Providers** list recognizes leading third-party logistics and cold storage providers in the cold food and beverage industry.

“3PLs and cold storage providers continue to be the heart and soul of the cold chain. Despite the COVID-19 pandemic and other supply chain disruptions, these companies continue to showcase agility, resiliency, strength and innovation,” says Marina Mayer, Editor-in-Chief, *Food Logistics* and *Supply & Demand Chain Executive*. “They’ve pivoted in a time of crisis, armed themselves with solutions that matter and protected people and product along the way.”

“The recognition is appreciated and is a testimony to our most important asset, our employees. We are excited about the future and have recently opened a new facility in Mobile, AL, to better serve our customers in another region.” Said Ernie Ferguson, VP of Sales with MTC Logistics.
